LET US INSPIRE YOU. ^(EN)

IT

Creatori di rifugi duraturi.

Trascurriamo molto tempo in bagno durante la nostra vita, motivo per cui vogliamo trasformarlo nel nostro rifugio personale. Non vogliamo solo uno spazio funzionale e che ci consenta di staccare ma facciamo in modo che sia in armonia con la nostra personalità e che guardi alla sostenibilità. La coscienza "think in green" ci porta a volere dei mobili da bagno che curino la scelta delle loro materie prime per poter dotare il prodotto di una maggior longevità, renderlo più duraturo. Con Royo è possibile.

Noi di Royo abbiamo unito design, funzionalità e durabilità per aiutarti a creare quel rifugio personale che tanto desideri avere.

EN

Creators of long-lasting refuges.

We spend a large part of our lives in our bathrooms and that is why we want to make it our personal retreat. We want a space that is much more than simply functional, where we can disconnect in a setting that matches our personality and is fully sustainable. The "think in green" concept inclines us to choose bathroom furniture that takes great care in selecting its raw materials to make durable products that will be around for a long time to come. Royo makes this possible.

At Royo we combine design, function and durability to help you craft this personal space that means so much to you.

IT

Innovando verso il futuro.

Siamo un'azienda multinazionale, con oltre 50 anni di esperienza, specializzata nel progettare e fabbricare mobili da bagno esclusivi, che offrono soluzioni innovative per tutti gli stili. Dalle nostre fabbriche in Spagna e Polonia, dalle nostre filiali in USA e India confezioniamo spazi di benessere.

Vogliamo migliorare la vita delle persone nel loro ambiente più intimo, nel loro rifugio personale, facendo la differenza attraverso dei design innovativi. Dal nostro centro R+S+I sperimentiamo costantemente con materiali e progetti estetici che incrementino la qualità, la funzionalità e la sostenibilità dei nostri prodotti per poter offrire le migliori soluzioni per le tue esigenze.

EN

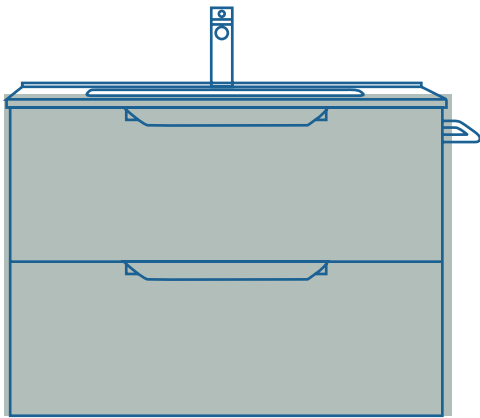

Innovating towards the future.

We are a multinational company with over 50 years' experience, specialising in designing and manufacturing exclusive bathroom furniture, with innovative solutions in all styles. We create spaces for your comfort in our factories in Spain and Poland and our subsidiaries in the USA and India.

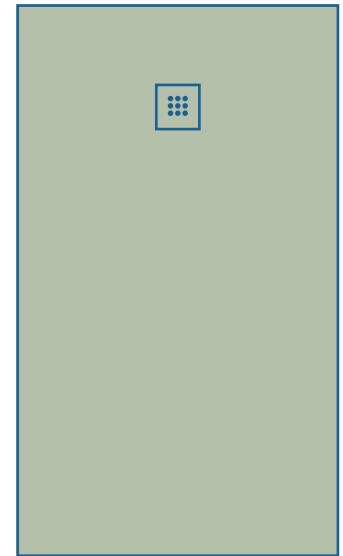

We want to improve people's experience of their most intimate space, their personal sanctuary, using innovations in design to make a difference. We are constantly researching materials and creative ideas in our R+D+i centre, striving for maximum quality, functionality and sustainability in our products, to offer you the best solutions to your needs.

1. Seleziona la misura del piatto Kurai corrispondente.

Select the appropriate Kurai base size

2. Scegli la misura della cornice

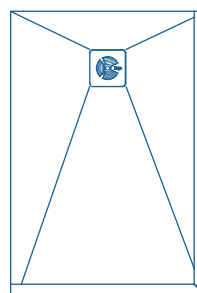

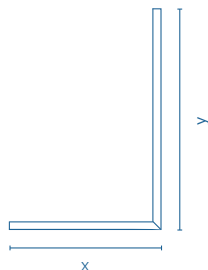

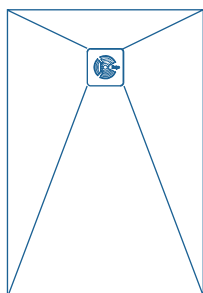

*La cornice può essere applicata a tutti i lati necessari: 1, 2, 3 o 4.

*Solo tratti rettilinei.

2. Choose the frame size.

*The frame can be applied to all the sides you need: 1, 2, 3 or 4.

*Only straight sections.

* **Esempio 1:**
* Option 1:

Piatto Kurai 120x80 cm + 2 lati incorniciati
Totale perimetro incorniciato: $120 + 80 = 200$ cm
(necessaria 1 cornice).

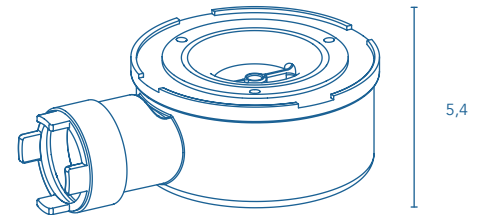

Shower tray Kurai 120x80 cm + 2 sides framed.
Total perimeter framed: $120 + 80 = 200$ cm
(1 bar required).

* **Esempio 2:**
* Option 2:

Piatto Kurai 160x100 cm + 2 lati incorniciati
Totale perimetro incorniciato: $160 + 100 = 260$ cm
(necessari 2 cornice).

Shower tray Kurai 160x100 cm + 2 sides framed.
Total perimeter framed: $160 + 100 = 260$ cm
(1 bar required).

CONSIGLI DI MANUTENZIONE E PULIZIA PIATTI E PANNELLI MAINTENANCE AND CLEANING TIPS FOR TRAYS AND PANELS

Per la pulizia quotidiana, è sufficiente sciacquare il piatto con acqua e qualsiasi prodotto commerciale adatto per la pulizia del bagno, poi pulire con un panno soffice di cotone.

Per la manutenzione, si possono utilizzare prodotti in spray anticalcare per la pulizia delle ante o simili (applicare sul piatto e successivamente sciacquare con acqua).

È importante mantenere una buona ventilazione nel bagno.

Non utilizzare mai spugnette (tipo Scotch Brite né di fibre naturali), poiché potrebbero danneggiare la superficie.

Si consiglia di evitare l'uso abituale di prodotti per la pulizia o di disinfettanti che contengano solventi o acidi.

Per macchie persistenti biancastre va utilizzato l'aceto concentrato o un prodotto anticalcare diluito con acqua in proporzione 1:3 (1 litro di anticalcare per 3 litri di acqua). Rimuovere la grata prima di applicare il prodotto, applicarlo, lasciare agire per 15 minuti e sciacquare con abbondante acqua.

Per macchie di qualunque altro colore, bagnare un panno con ammoniaca ed applicare sopra la macchia. Lasciare agire e successivamente pulire. Se la macchia persiste, bagnare un panno con solvente universale e insistere sulla macchia (dopodiché, attendere 48 ore per poter riutilizzare il piatto).

Routine cleaning requires simply to rinse the tray with water and any commercial bathroom cleaner, then wipe down with a soft cotton cloth.

Anti-lime cleaning products can be used to maintain screens or partitions clean. First apply to the tray and then rinse with water.

It is important to have good ventilation in the bathroom.

Never use scouring pads (such as Scotch Brite or pads with natural fibres), as they may scratch the surfaces.

The regular use of cleaning products or disinfectants containing solvents or acids should be avoided.

Persistent whitish spots can be removed using concentrated vinegar or a descaling agent diluted with water, at a ratio of 1 litre of descaling agent to 3 litres of water. First remove the mesh, then apply the product and let it react for 15 minutes, and finally rinse with plenty of water.

Stains of any other colour can be removed using a cloth soaked with ammonia. Wipe the stain with the cloth, allow the ammonia to react, then clean it away. If the stain persists, soak a cloth in universal solvent and repeatedly apply to the stain. Following this treatment, you must wait 48 hours before using the tray.
